- Special District Leadership Foundation (SDLF)
- United States Golf Association (USGA)
- Association of Fundraising Professionals, Desert Communities Chapter

To learn more about our programs and activities, please visit MyRecreationDistrict.com

Since 1950, Desert Recreation District has worked to provide a parks and recreation system that serves all of

the Coachella Valley, and enhances the quality of life of current residents while preserving it for future generations.

This past year has seen not only a variety of indoor and outdoor activities and programs for residents of all ages and abilities throughout the Valley, but also big steps forward in bringing the three eastern Coachella Valley community parks – North Shore, Oasis, and Thermal –

to fruition. In addition to these parks, we continue to be good stewards of the land and the finances needed to support our efforts in building, renovating, and innovating recreational opportunities in the Valley.

We also want to take this opportunity to show our appreciation to the community, foundation and corporate partners, collaborative agencies, and network of volunteers that help ensure we can offer barrier-free access to safe recreational activities and facilities.

As we move forward, we encourage residents to GO PLAY at any of our many locations – perhaps at our newest, the North Shore Community Park – on which we are putting the finishing touches right now!

Desert Recreation District is proud to be your first choice of places to relax and enjoy the Coachella Valley, and we are grateful for the support we receive from the communities we serve. We hope you enjoy the wonderful resources we offer and invite you to visit a park, take a class or join us at a special event.

Kevin Kalman
General Manager

Desert Recreation District's sunshine logo represents our energy, warmth, and our ability to help others shine.

After almost 70 years in operation, we continue to provide the Coachella Valley with recreational programs that are fun and exciting. We now have a staff of more than 320 employees, an engaged Board of Directors, and countless generous volunteers. We are excited about life, open to new possibilities, and determined to persevere through any challenge. Our combined positive energy brings warmth to all those entering our facilities. Our combined effort to deliver quality activities, recreational programs, encouragement, and support, gives each participant the opportunity to grow and gain self-confidence from within so they can also shine bright.

Desert Recreation Foundation exists to support Desert Recreation District, the

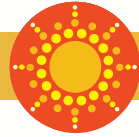

largest recreation and park district in the state, by way of fundraising efforts including corporate and individual gifts as well as grants. We work behind the scenes to ensure DRD provides resources, facilities, parks, and programs to District residents. The Foundation assists with the Desert Recreation Scholarship Fund, the purchase of new equipment, and new park lands to expand our recreational programs in our growing communities.

Desert Recreation District (DRD), was created in 1950 and is the largest recreation and park district in the state of California. Covering over 1,800 square miles, we work with municipalities in a collective effort to assure equitable service delivery to every community regardless of economic means. DRD is responsible for over 30 recreational facilities that include community and fitness centers, sports fields, swimming pools, a golf course and driving range, and various parks and open spaces. In addition, DRD creates and delivers quality programs, services and classes; and, facilitates leisure opportunities through partnerships that encourage residents to engage in healthy lifestyles and wellness activities.

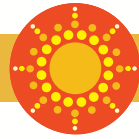

DRD serves over 385,000 residents in the incorporated communities of Palm Desert, La Quinta, Indio, Indian Wells, Rancho Mirage and Coachella and the unincorporated communities of Thousand Palms, Bermuda Dunes, Indio Hills, Mecca, Thermal, Oasis, Vista Santa Rosa, 100 Palms and North Shore.

THE DESERT RECREATION DISTRICT (DRD)

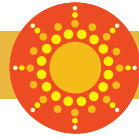

Our **MISSION**

To enrich the quality of life for Coachella Valley Residents by acquiring, developing, operating and maintaining a community focused parks and recreation system and preserving it for future generations.

Our **VISION**

Through a community collaborative approach DRD will be the regional provider of premier parks and recreation services in the Coachella Valley. Ensuring all residents have equitable and barrier free opportunities that contribute to the overall wellness of our communities.

Our **VALUES**

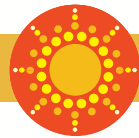

Parks and Recreation done R.I.T.E.

Respect – Mutual understanding and equal consideration of others.

Integrity – Consistently doing the right thing.

Teamwork – Working together to achieve a common goal.

Excellence – Continuously striving for perfection.

Desert Recreation Foundation (DRF) is an independent 501(c)3 non-profit organization and the fundraising arm and support for the Desert Recreation District. Our purpose is to deliver quality recreational resources, programs, facilities, and parks to District residents living in the Coachella Valley. The Foundation assists with the Adaptive / Therapeutic Sports & Recreation program benefitting those with disabilities and the Desert Recreation Scholarship Fund, which helps families and individuals regardless of finances to participate in our programs to develop healthy lifestyles in the communities we serve.

MAKE A DIFFERENCE TODAY!

Your generosity will help us ensure that all residents in the Coachella Valley have barrier-free access to quality recreational resources, facilities, parks and programs.

Volunteer: inspire a youth to help build a playground.

Sponsor: fund an event or program.

Donate: give and keep kids smiling.

DesertRecreationFoundation.org

- Thank you

THE DESERT RECREATION FOUNDATION (DRF)

Our MISSION

To enrich and preserve the quality of life for residents. We do this by raising funds and garnering support to purchase, develop, enhance, preserve, promote and expand the Coachella Valley's recreational activities, programs, parks, properties and facilities.

Our VISION

Our Vision is to establish a permanent charitable endowment that will provide sustainable, self-perpetuating resources, primarily for Desert Recreation District's park and recreation system. The Foundation strives to remain a valued and effective community resource, through leadership in capital planning to help fund new infrastructures, the purchase and development of land for new parks and creating new programs that serve the changing needs of residents.

A NEW PLACE TO PLAY IN 2018

THE STORY OF NORTH SHORE COMMUNITY PARK

The North Shore Community Park, the first community park in this area, began several years ago as the need for a safe and productive public space in the eastern Coachella Valley became more apparent. In the past five years, we began actively developing this project and we are thrilled that the Grand Opening will be happening October 12, 2018. Included in the park are basketball and soccer areas, a playground, skate park, and more.

BACKGROUND:

Beginning in 2013, in partnership with Kounkuey Design Initiative (KDI), the community engagement process was initiated with the residents of North Shore for the design, construction, and programming of a productive public space.

The 5-acre parcel where the park has been built was determined to be the ideal site location, and through the partnerships with KDI, Desert Recreation District (DRD) and the now-disbanded Desert Alliance for Community Empowerment, acquisition of land permissions for the site, the design and development moved forward with a series of community workshops that helped residents prioritize the desired components of the public space. Residents were able to determine which components would be part of the site plan, and they helped create and agree upon on a site plan that conveyed their preferred adjacencies of components, such as playground near exercise equipment, or bathroom in middle of site, and ensuring there would be at least one component for each age group.

Based on the community site plan, a schematic site plan was developed by KDI's design team. The North Shore Productive Public Space schematic site plan was designed to house the following physical and programmatic components: physical-full-size soccer field, sport court, skate plaza, kids recreation area, adult

exercise circuit, shade pavilion, restrooms, bike repair station; programmatic-bike share program, small business training program and farmers market, and arts/culture programming (to activate and connect residents to the new public space). The plan was subsequently developed into construction drawings with continuous community input and participation.

While KDI's team was hard at work, DRD approached the development and construction of the project using capital reserves while applying for, and obtaining, grant funding to not only build the North Shore Community Park, but to also begin the development for the first community parks in the communities of Oasis and Thermal.

FUNDING: The largest of the grants received was from the California Natural Resources Agency, by way of the state's Urban Greening Program that is funded by Cap-and-Trade revenues, which awards grants to support projects that aim to reduce greenhouse gases by sequestering carbon, decreasing energy consumption, and reducing vehicle miles traveled.

The projects supported also convert built environments into green spaces that improve air and water quality, and provide opportunities for walking, biking, and recreation.

Desert Recreation District was awarded \$3,086,000 for the North Shore Community Park project thanks to the Urban Greening Program; these funds meant additional elements of the park, that had been previously scaled back for budgetary reasons, were able to be included further enhancing the health and environmental benefits of the project.

On December 8, 2017, California Assembly Speaker Anthony Rendon joined Assembly Member Eduardo Garcia, Riverside County Supervisor V. Manuel Perez, Desert Recreation District General Manager Kevin Kalman and Desert Recreation District Board President Silvia Paz, as well as other local stakeholders for a Roundtable Discussion to address critical park infrastructure needs and the Salton Sea. The visit commenced with a check presentation for the \$3,086,000 California Natural Resources Agency's Urban Greening Program Grant award to Desert Recreation District. The event was held at DRD's Palm Desert Community Center in Palm Desert, CA.

A NEW PLACE TO PLAY IN 2019/2020

OASIS COMMUNITY PARK

In September of 2016 we opened the Oasis Soccer Field on a former elementary school site, which DRD purchased from the Coachella Valley Unified School District (CVUSD) to build a 15-acre community park. The Oasis Community Park is the second of three community parks that we are developing in the eastern Coachella Valley, and is currently 90% through the design development phase. We are hoping to go to bid for construction in 2019.

BACKGROUND:

Once DRD purchased the land, we began to clear the rest of the dilapidated and unsafe school infrastructure, so we could develop and open the temporary soccer field. Our next steps were to design the park amenities with the community.

Partnering again with Kounkuey Design Initiative (KDI) as we had for the North Shore Community Park, there were several workshops held to solicit input from residents of Oasis to ask what they would like to see in the new park site. We then put all the amenities and programs identified during interviews with residents and during the workshops in a survey and asked over 100 people what their top 10 and top 3 amenities and programs they would like included in the new park. Additional gatherings were held so residents could be walked through the park budget and how much funds are available for specific park amenities.

Taking all of this into consideration, residents were then tasked with the job of selecting which amenities should be a part of the new park site.

FUNDING:

Applications for grants have been submitted to several organizations including the Coachella Valley Mountain Conservancy, Community Development Block Grant

(CDBG), and the Land Water Conservancy Fund. At the time of publication of this Report, we have been awarded \$500,000 from the Coachella Valley Mountain Conservancy Fund and \$150,000 from CDBG, and another \$1,700,000 in funding recommended for the Land Water Conservancy Fund. We are still raising money to build the park as it is estimated to cost \$6-6.5 million based on the park design and amenities that will be included.

PEOPLE TO WATCH

FROM THE WORLD OF GOLF...

In September 2017, The First Tee of the Coachella Valley (TFTCV) saw two of our teen members, Madison Rincon and Dana Condon, selected to compete in the 2017 PURE Insurance Championship, in Pebble Beach, California.

Rincon and Condon joined 80 other participants from The First Tee chapters; The juniors were teamed with PGA TOUR champion players,

and this event had Rincon paired with Billy Mayfair and Condon with Jerry Kelly. We congratulate Condon and Kelly who tied for second place with a 19 under finish.

In addition to tournament play, there are also opportunities like attending The First Tee Life Skills and Leadership Academy. Dana Condon and Caroline Wales from TFTCV were both selected to attend the Academy in July 2017.

Madison Rincon
with Pro Partner Billy Mayfair

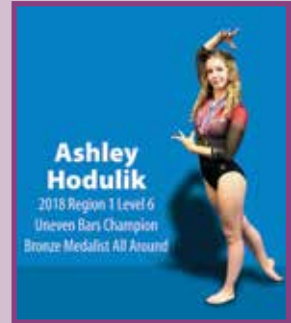

Dana Condon
with Pro Partner Jerry Kelly

...AND THE DISTRICT GYMNASTICS ACADEMY

Ashley Hodulik got her start in gymnastics as a spunky 18-month-old and when Ashley was a bit older, she and her family discovered The District Gymnastics Academy.

Over the years, Ashley grew in strength, flexibility, and mindset. She consistently placed in the top three on bars, beam, floor, and all around; earning her spot as the 2014 SoCal Level 3 State floor silver medal winner, as well as, earning a medal on beam and all around in her age division.

Then in April 2018, competing as a level 6 gymnast, she won bar champion at Region 1 and the bronze medal all around in Chandler, Arizona.

While it is a lot of work for the sophomore at La Quinta High School, Ashley has said "I wouldn't change all the times and hard work I've put into the gym" about her years of practice and competing.

AVERAGE MONTHLY PARTICIPATION – GYMNASTICS

| Fiscal Year | Classes | Special Gymnastic Events |
|-------------|---------|--------------------------|
| FY2012-2013 | 276 | 316 |
| FY2013-2014 | 244 | 307 |
| FY2014-2015 | 217 | 371 |
| FY2015-2016 | 289 | 252 |
| FY2016-2017 | 386 | 227 |
| FY2017-2018 | 377 | 181 |

WE SALUTE AND SUPPORT VETERANS

From Summer Camp kids honoring veterans through art to Therapeutic Equine Therapy for those impacted by serving our country, we honor Coachella Valley veterans in numerous ways.

SUMMER CAMP KIDS HONOR VETERANS

Desert Recreation District partnered with the non-profit Old Town Artisan Studios in La Quinta to answer the call of duty by joining forces on a project benefitting U.S. Veterans. Children in our summer camp programs painted more than 200 tiles with designs such as American flags, peace symbols, messages of gratitude,

and even special forces logos. The project was fun and educational as children learned about honor, sacrifice, and patriotism while saying thank you to Veterans. The tiles were then placed on the public water fountain followed by a dedication ceremony and celebration on Veteran's Day, November 11, 2017.

ENGAGING HEROES WITH HORSES

In partnership with the Coachella Valley Horse Rescue (CVHR), Desert Recreation District is able to help veterans returning from active duty through the therapeutic equine program called Engaging Heroes with Horses for Veterans pilot program. The unique unmounted training program provides therapy to veterans suffering

from Post-Traumatic Stress Disorder (PTSD), anxiety, and depression through the care-taking of horses.

PATRIOT RIDE FOR OUR HEROES

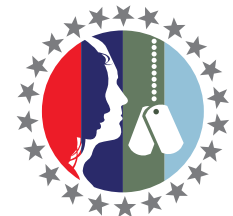

We sponsored the Patriot Ride for Our Heroes, this event benefits local charities associated with Active Military, Veterans, Fire, & Police – hence the Patriot Ride!

This year we implemented a Buy One, Give One (BOGO) offer.

When participants registered (bought) to walk or bike ride in the event, DRD sponsored (gave) a child to take part in the Trips for Kids Coachella Valley program. Trips for Kids Coachella Valley is a mountain biking program for youth 10 to 17 years of age that focuses on lessons in personal responsibility, achievement and environmental awareness through the simple act of having fun.

VETERAN GUITAR PROGRAM BEGINS

In 2017 DRD partnered with the Mission Veterans initiating the Coachella Valley Veteran Guitar Program, a way for veterans to gather and learn to play guitar in a therapeutic learning environment. Desert Recreation District purchased and provided guitars, tuners, and guitar pics for veterans enrolled in the program. The 12-week program is designed to offer fun, easy lessons in a veteran friendly environment.

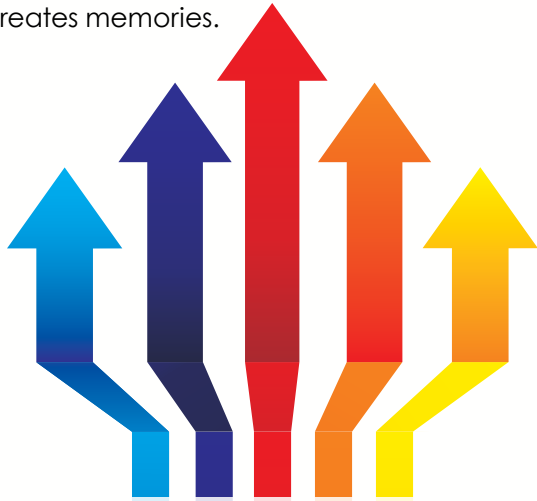

MISSION
VETERAN

DESERT RECREATION DISTRICT: MOVING FORWARD

Moving Forward: Value to our Residents

As expressed by the residents we serve, the value of Desert Recreation District

- Provides a sense of connection and adds to the livability and desirability of a community.
- Encourages an appreciation for nature and environmental stewardship.
- Enhances family unity, develops skills, and creates memories.
- Provides opportunities for the community to give back through volunteering, donating, and advocating.
- Contributes to the local economy, helps maintain healthy and productive workforces, and helps attract and retain businesses.
- Foster healthy lifestyles, builds self-esteem, and reduces stress.
- Leverages available resources through collaboration, partnerships and agreements.

Moving Forward: Our Strategic Priorities Programs and Services

District programs and services focus on the value of experiences, are responsive to the desires of its younger age cohort, as well as to the desires of a generation of active adults looking for a much more physical experience than their predecessors.

Program design includes progression from youth skill building into life-long engaging activities.

Moving Forward Human Resources

The District is a desirable employer in the Coachella Valley, offering quality job opportunities and utilizing an in-house training program to assure each employee has the tools to perform his or her job with efficiency and effectiveness, with training including topics such as employing a multi-generational workforce. We currently have 35 fulltime and more than 280 part-time, seasonal and temporary staff.

Technology

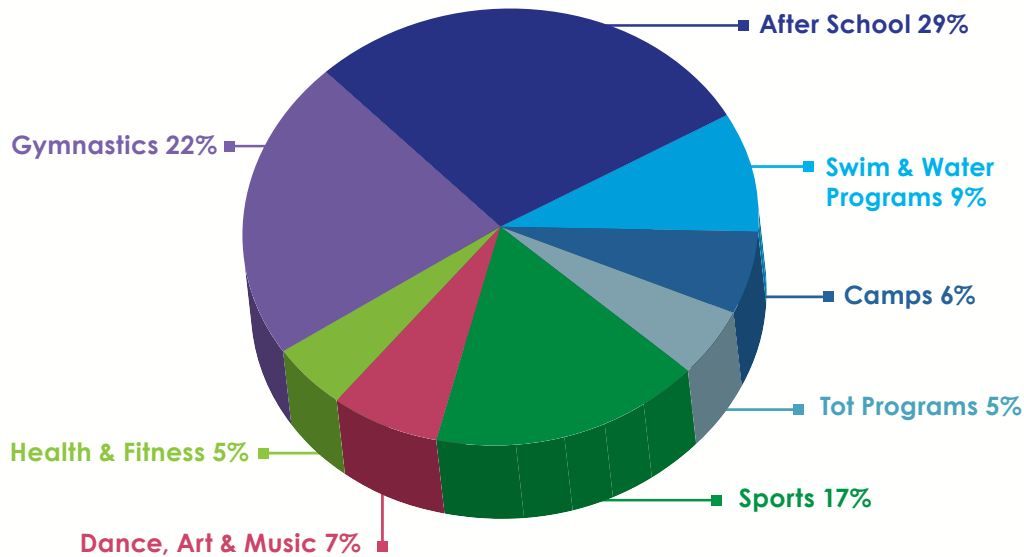

Community outreach is in tune with continuously changing technology with training labs for both staff and community members. Information is readily available through personal devices and information stations at District facilities, and staff are equipped with mobile devices allowing them to be out in the community while still being connected to needed resources for ongoing operational needs.

Reputation, Message and Brand

The District is consistently recognized as a leader in parks and recreation with a reputation for excellence in customer service. With demonstrated high quality and consistency, the District is known for its innovation and keeping pace with the latest trends while being an established leader in park and recreational services.

OUR PROGRAMS BY THE NUMBERS

ENROLLMENT BY PROGRAM CATEGORY FOR FY2018

AQUATICS SCHOLARSHIPS BY SPONSORS FY2018

| Name of Sponsor | Swim Lessons | Open Swim Passes |
|---------------------------------------|--------------|------------------|
| City of Coachella | | 300 |
| Desert HealthCare Foundation | 1153 | |
| Independent Pool & Spa Service Assoc. | 33 | |
| Kaiser Permanente | 604 | 72 |

PARTICIPATION TOTAL READY, SET, SWIM – COACHELLA VALLEY

| Fiscal Year | Participation Total– READY, SET, SWIM COACHELLA VALLEY |
|-------------|--|
| FY2015 | 441 |
| FY2016 | 709 |
| FY2017 | 722 |
| FY2018 | 1153* |

*This number includes participation in the Ready, Set, Swim Jr. program.

THE FIRST TEE OF THE COACHELLA VALLEY

– NUMBER OF YOUTH IMPACTED BY THE FIRST TEE CV BY FISCAL YEAR*

| Fiscal Year | Number Impacted |
|-------------|-----------------|
| FY2014 | 3,726 |
| FY2015 | 3,215 |
| FY2016 | 4,242 |
| FY2017 | 4,550 |
| FY2018 | 5,200 |

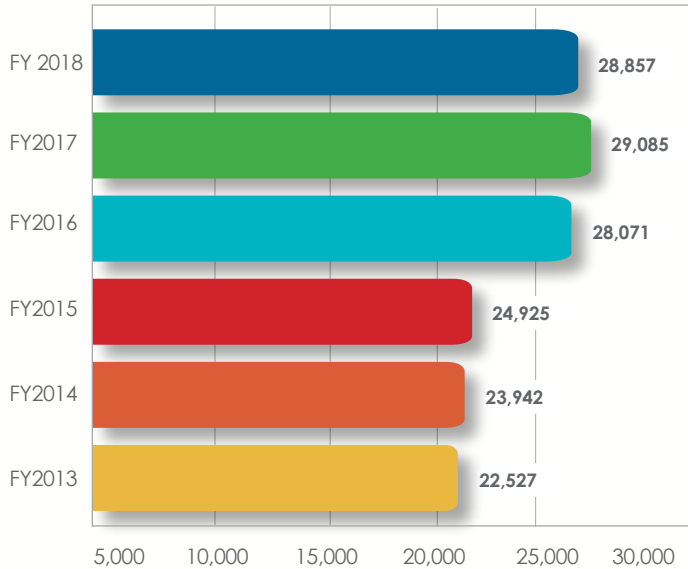

* Participation numbers above include kids who enrolled in classes as well as those attending The First Tee CV programs through community outreach such as schools, camps, and other community events".

RENTALS

DRD serviced **3,943** rental reservations this past fiscal year, which totaled **17,285 hours** of time at ballfields, swim and birthday parties, graduation celebrations, business gatherings and more!

ANNUAL ENROLLMENT IN ALL PROGRAMS

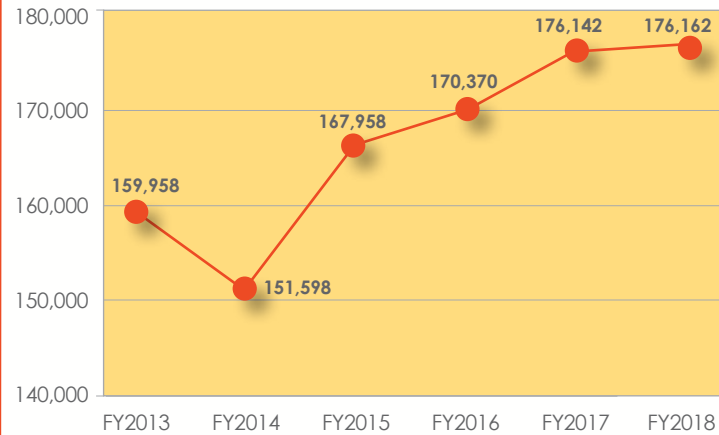

Community Events

In addition to holiday events and activities like our Eggstravaganza, Easter-egg hunts, Santa's Hotline, Halloween Carnivals and Valentine Hearts & Crafts to our annual Palm Desert Senior Games and International Sports Festival, we offer

Dive-in Movies and Movies in the Park, Get Fit Days and more thanks to sponsorships with local businesses and city-partners. This past year saw **more than 12,000 people attend** the various community gathers and events offered by Desert Recreation District!

FACILITY USE PASS VISITS

AVERAGE DAILY PARTICIPATION AFTER SCHOOL – ALL LOCATIONS

| Dates | Average Daily Participation – AFTER SCHOOL |
|-------------------------|--|
| August 2012 – June 2013 | 1,440 |
| August 2013 – June 2014 | 1,355 |
| August 2014 – June 2015 | 1,371 |
| August 2015 – June 2016 | 1,462 |
| August 2016 – June 2017 | 1,625 |
| August 2017 – June 2018 | 1,564 |

We have 24 sites where we operate After School Programs. The total number of days of annual participation are 180, multiplied by 24 sites is the equivalent of 4,320 days of After School Programming.

Adaptive/Therapeutic Sports & Recreation

Our programming for those with special needs has continued to expand and in addition to sports such as adaptive archery, pickleball, basketball and fitness, we have added recreational programming including adaptive ballroom dance and ukulele & voice for those who would like to let their artistic sides shine.

Thanks to these and other adaptive programs, **we have seen an increase in participation from approximately 50 individuals with disabilities served per year to almost 400 disabled participants having taken part in these classes and events!**

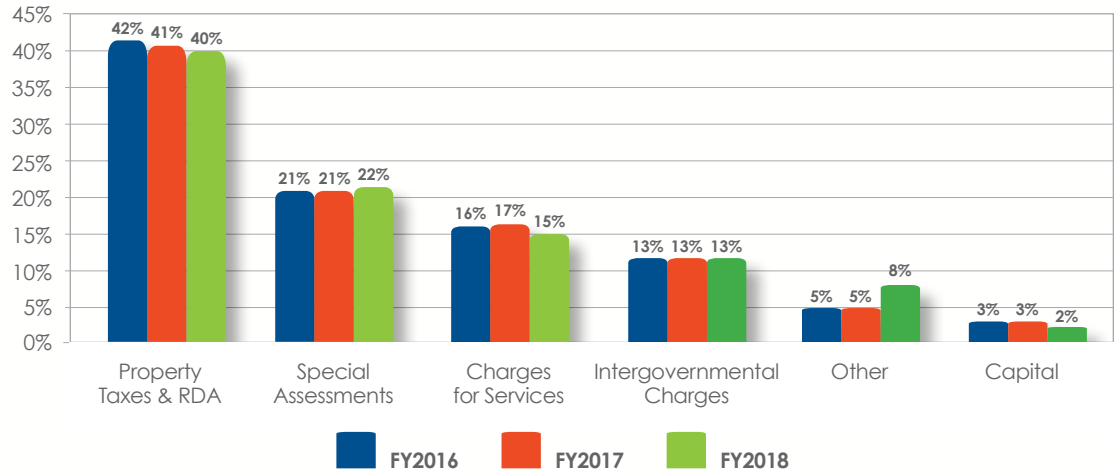

FINANCIAL INTEGRITY

Overview of Desert Recreation District Funding

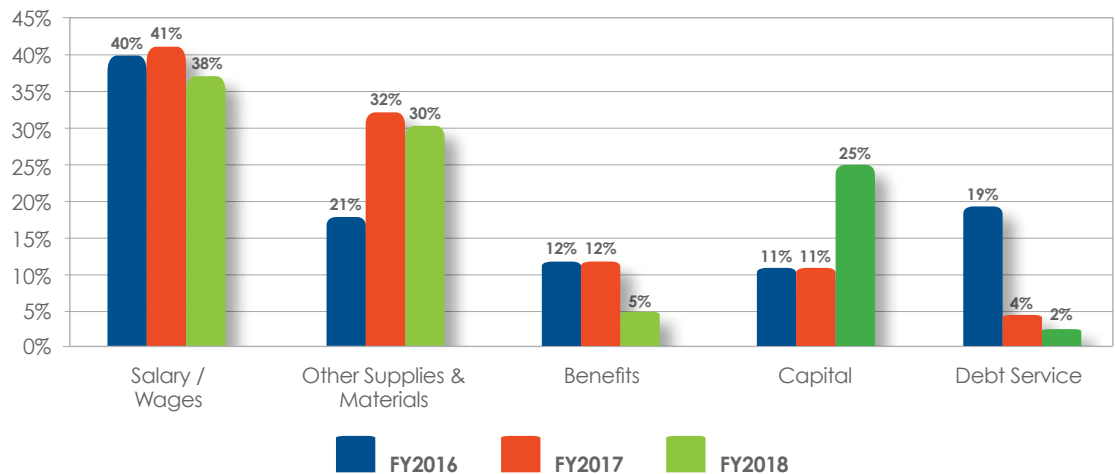

Revenue and Resources

Fiscal Year ending June 30, 2018 revenue totaled \$13.1 million

Expenditures

Fiscal Year ending June 30, 2018 expenses totaled \$14.8 million

ENVIRONMENTAL LEADERSHIP

Reducing Green House Gases

Through planting 293 drought tolerant trees and 3,918 shrubs as we built the North Shore Community Park, the green house gas and energy benefits were qualified through the ARB quantification methodology (this is a method used to measure green house gas emissions and anticipated outcomes) as follow:

- **Carbon sequestration estimated at 444,817lbs CO₂e**
- **Energy savings estimated at 39.6 MWh**
- **Natural gas savings estimated at 285.2 Therms**

In plain language, this means better air quality for those not only using the park, but for everyone in the Coachella Valley. Another benefit to having trees planted in and around the park is the formation of a tree canopy that will act as a barrier and help combat the drift of pesticides that are often used in agriculture, as well as green house gases from highways.

Energy Conservation – Lighting

As our more than 30 facilities, which include a golf course and driving range, swimming pools, community and fitness centers, sports fields, and various parks and open spaces need to have lightbulbs replaced, we are switching from fluorescent or incandescent lighting to LED lighting for energy and cost savings. We have begun with our Indio Community Center, and by the time we have upgraded all of our locations to LED lighting, we will have replaced thousands of bulbs, and each bulb changed to a LED can mean as much as \$170

in saved energy costs. Other benefits of LED lighting can include:

- **They do not contain mercury like Compact Fluorescent lights**
- **They do not produce heat**
- **A 60-watt incandescent bulb's average life span is 1,200 hours while a comparable LED bulb is 10 watts and has an average life span of 25,000 hours**

These changes not only translates into cost savings but also demonstrates we practice what we encourage everyone to do, which is to reduce our impact on the environment and help preserve parks and green spaces for future generations.
