## **NEW UPDATE FROM DESERT RECREATION DISTRICT**

**June 10, 2020**

After having been given the go-ahead to reopen our Golf Center at Palm Desert a few weeks ago, we are excited to be reopening more of our facilities and programs as we go through the next few weeks. It was announced on Monday, June 8, that we could start opening fitness centers and additional amenities at our parks, such as the restrooms, after June 12. Towards that end, we are looking to open the park restrooms June 13 or within a few days after that as ensure we have all the necessary cleaning supplies and protocols in place, as well as the staff back to maintain all of the facilities properly.

As we keep the well-being of all staff and guests, volunteers and anyone who uses our facilities in mind, we are balancing these health concerns with recognizing that physical exercise is also an important aspect of our daily lives. We are targeting opening our four fitness locations – La Quinta, Indio, Palm Desert and North Shore – in the next few weeks. Then shortly thereafter, we will be working toward opening day camps and other programs that are allowed per the guidelines issued by the Riverside County Department of Public Health, as well as any applicable state regulations, as we move into and through a complete Phase 3, and eventually into Phase 4 when we can host large events.

To see the Riverside County information about what industries and programs can reopen, please visit <https://covid19.ca.gov/industry-guidance/>. We are thrilled to be so close to seeing many of our valued guests back in our facilities as we move through the reopening process!

We will continue to send updates through email communications as well as posting on the District's website and via social media posts, as we know information is changing frequently.

We thank you for your continued understanding as we get our team members in place and ensure all steps are completed to reopen our doors responsibly.
