****About Desert Recreation District (DRD)****

[Desert Recreation District \(DRD\)](http://DesertRecreationDistrict.com) is the largest park and recreation district in California, covering 1,865 square miles and serving more than 380,000 residents throughout the greater Coachella Valley in part by working with municipalities in a collective effort to assure equitable service delivery to every community regardless of economic means. DRD manages, maintains, and assists in maintaining more than 30 parks and recreation facilities; we create and deliver quality programs, services, and classes; and we facilitate leisure opportunities through partnerships with public, private, and not-for-profit agencies as we strive to ensure members of the public receive personal benefits such as physical fitness, relaxation, and revitalization; social benefits in the form of stronger and healthier families and enriching the lives for persons with disabilities, and economic benefits through more productive and healthier citizens and increased tourism.
